

# UNPIGGABLE PIPELINE SOLUTIONS FORUM

Houston, Texas • June 12–13, 2019

## EXHIBITOR MARKETING OPPORTUNITIES

### Free assistance to promote your company

We want to make sure that you generate the most business possible from your participation in the the Unpiggable Pipeline Solutions Forum. We've put together the following complimentary marketing assistance to promote your involvement.

#### Email auto signature banner

Our design team have created a banner which you and your team can add to your email auto signature. This will highlight the key details of the event as well as your support, and generate significant external interest.

#### Website banner

Our design team have created website banners which can be used to promote the event both internally on your intranet as well as externally through your company and other websites. These banners can link to a location of your choice or to the UPSF 2019 registration page.

#### Personalized invitations/trade passes

All exhibitors will receive personalized invitations to forward to relevant contacts. These invitations will generate interest from trade visitors and registered delegates.

#### Email promotion

We can provide a plain text email for you to forward onto relevant contacts. This email will mention key dates and event info as well as your support.

#### Delegates

We promote the event heavily through our marketing channels as well as numerous other industry publications and online products, and this will increase as the event gets closer. We want to ensure you get as much out of UPSF 2019 as possible, and we are keen to target any key groups or individuals you want at the event and encourage them to attend. Please feel free to let us know if there are specific industry groups or organizations you would like to attend and we will make sure they are aware of the event.
