

YOU'RE INVITED TO THE NEXT CTAG EVENT! A MUST-ATTEND FOR ANYONE INTERESTED IN COMPOSITE TECHNOLOGIES!

ABOUT US

We launched the Composite Technology Advancement Group (CTAG) two years ago with a goal of bringing together professionals from across the energy industry to explore how composite technologies can be used to maintain and strengthen the world's infrastructure. Since then, over 500 industry leaders and innovators have participated in our semi-annual gatherings

This event is **free to attend** and offers a great learning opportunity for both seasoned professionals and **young engineers looking to grow** in their careers.

WHAT TO EXPECT

✓ Morning Session:

8:30AM - 9:00AM	Morning check-in
